Re: Multiple Requests to place the Veterans Memorial Park & Cemetery matter on the Irvine City Council meeting agenda

I have made multiple requests (1/12, 1/19, 3/18) to place the above-referenced matter on the Irvine City Council meeting agenda.

My office receives many requests from constituents to place the Veterans Memorial Park & Cemetery project (at the 125-acre ARDA site) on a Council agenda for a full presentation by me to be followed by Council discussion.

I now reiterate my request for a second signature, so that this matter can be placed on the August 10 City Council meeting agenda.
